*"As an IT team leader and Vincent's colleague, it was a great pleasure to work with during my time at SICPA (from 2009 to 2011). He is consistent, fair, sorely organised.*

*Vincent managed efficiently very complex customer service projects covering both IT (SAP) and business requirements (Training) across several countries.*

*His approach to processes was clear, very accurate and always getting in mind communication to different audience types.*

*Besides, Vincent demonstrated strong people and organisational skills; I found Vincent to be a highly receptive, analytic and demanding manager capable of motivating - even urging - members of the team.*

*He is a professional with a heart: in the meantime, he cares about his fellows and he is committed to deliver on purpose, upholding high standards.*

*I have very much appreciated his support for over two years; that's why I would heartily recommend Vincent knowing that he will do well in which ever position he carries out.*
